

# Objectives:

- **Create graphic to demonstrate use of artifacts held**
- **Create another graphic with photos to trace messages thru Comm Central**

## Signal Flow- Artifacts

4 Generators  
In engines

Photo

FE Panel  
power  
control

Photo

Power  
Amplifier  
tubes

Photo

Variometer  
to refine  
frequency

Photo

Feed tube  
for signal  
to  
antennas

Photo

Two wire  
antennas

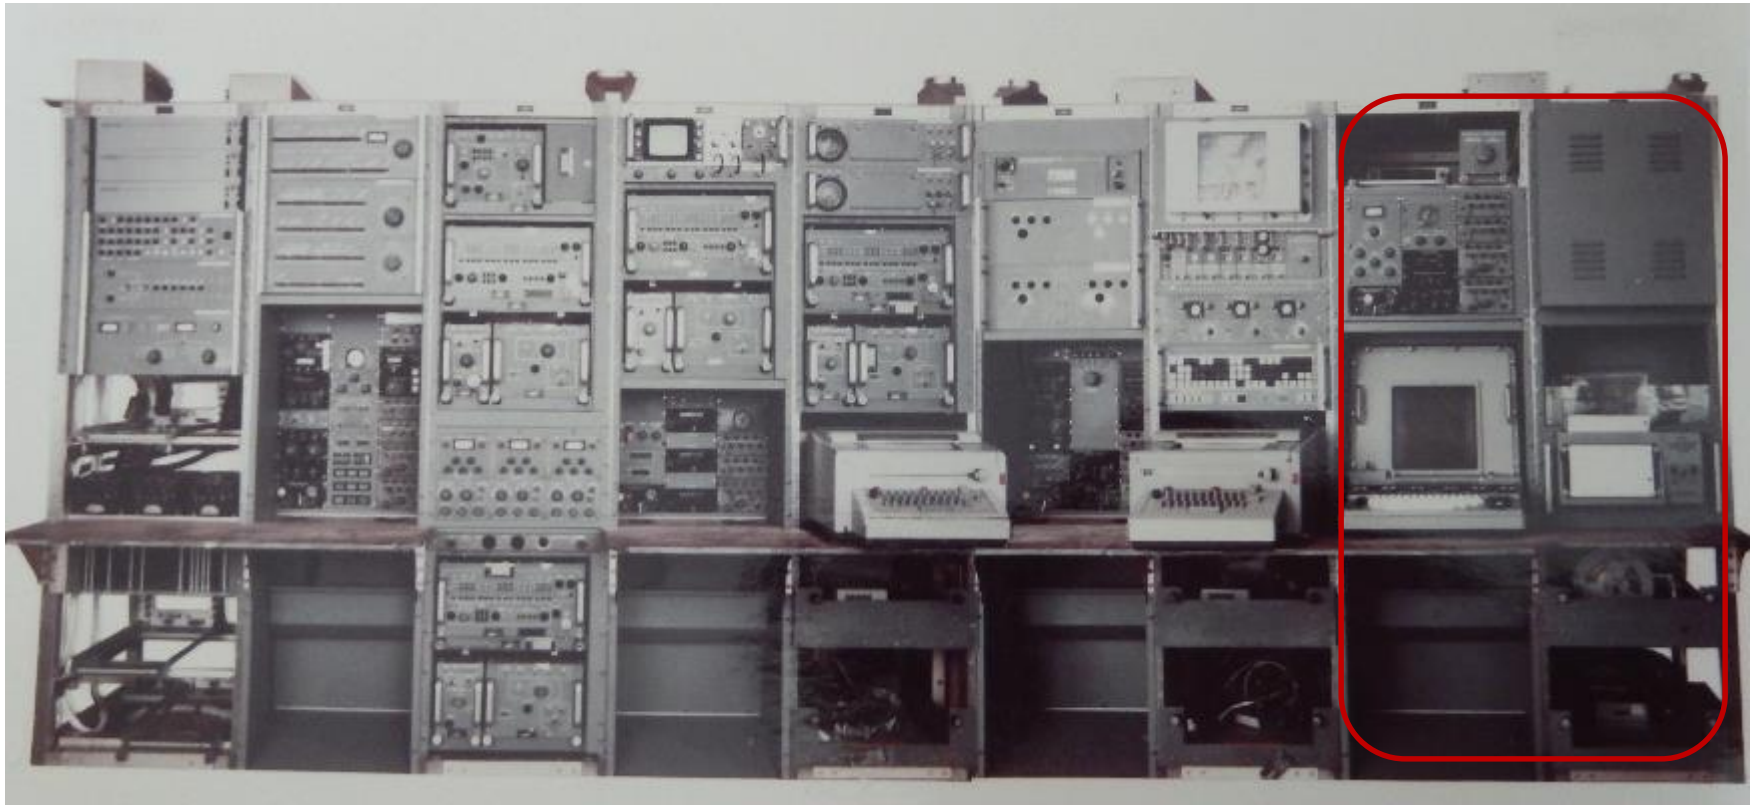

Photo

Drogues  
to  
stabilize  
antennas

Photo

=Artifacts already held.

# Message Processing Graphic

Power  
Amplifier  
controls

Radio  
controls

Encoding  
and  
formatting

Telegraph  
key to  
send  
Morse  
Code

Teletypes  
to create  
and edit

Computer  
to Select  
messages  
to send

Highlight area of panels that do that job described- Individual box pictures needed  
Red font means artifacts already held.

# Complete System Graphic

- 1- Generators
- 2- Controls
- 3-Message processing
- 4-Power Amplifier and Variometer
- 5-SF6 tube and Antenna Reels
- 6-Two antennas
- 7-Drogue
